

My name is Carlos Harmon, and Im here to speak about Senate Bill 3 and why it should be approved. By passing Senate Bill 3 it would not only cut back on Government Spending., But it would also help the communities. Insread of pouring tax dollars into prisons for petty crime offenders-those funds can be used to put those offenders to work in the communities that they occupy. Namely towards Community Based Organizations That improve Family Development, But more Importantly to Improve our Communities. Vote YES on Sente Bill 3.
