Dear To Whom It May Concern;

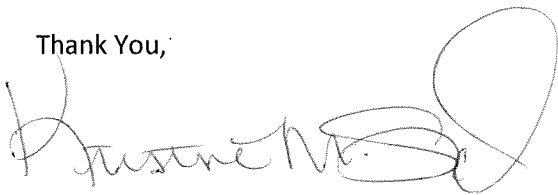

My name is Kristine M. Stroud and I am writing this Testimony for Hearing in regards to my Felony Record and in hopes you grant me permission to be included in this Bill and present it to the state/senate.

I was 18 years old in the year of 2000 at the time of my crimes. I was raped by a gentleman that stated he was my biological father. He proceeded to tell everyone close to me in my life he was in fact and true to be my biological father. (I was adopted at a young age and never got to meet my biological father) I believed this man. I was so traumatized after the rape, I lived in fear of him seeking revenge on me for turning him for the rape. I was discharged from a psych ward (as I was admitted and diagnosed with PTSD and Depression) at a local hospital and I went to the home the "rapist" and I shared prior to rape. I lit this dwelling on fire and destroyed the inside. I was charged with 3 felonies for my crimes. I was charged with F1 Arson, F2 Arson, and F3 Burglary.

I am now 37 years old and I have not done anything illegal since my crimes. I am a good citizen and I abide by all laws. I am a mother of 2 and I am a wife. I strive to live life to the fullest but these felonies have affected parts of my life that I wish would just go away. I get denied great job opportunities as the felonies show on back round checks and certain things, I sign up to do with my children get denied due to felonies. I battle PTSD daily and live in regret of my past and to get these felonies cleared off would give me the relief and happiness to live my life to the fullest and feel so relived.

Please let me present and plea my case to the state/senate.

Thank You,
