Sec. 2317.56. (A) As used in this section: 14

(1) "Medical emergency" has the same meaning as in section 15

2919.16 of the Revised Code. 16

(2) "Medical necessity" means a medical condition of a 17
pregnant woman that, in the reasonable judgment of the physician 18
who is attending the woman, so complicates the pregnancy that it 19
necessitates the immediate performance or inducement of an 20
abortion. 21

(3) "Probable gestational age of the zygote, blastocyte, 22
embryo, or fetus" means the gestational age that, in the 23
judgment of a physician, is, with reasonable probability, the 24
gestational age of the zygote, blastocyte, embryo, or fetus at 25
the time that the physician informs a pregnant woman pursuant to 26
division (B) (1) (b) of this section. 27

(B) Except when there is a medical emergency or medical 28
necessity, an abortion shall be performed or induced only if all 29
of the following conditions are satisfied: 30

(1) At least twenty-four hours prior to the performance or 31
inducement of the abortion, a physician meets with the pregnant 32
woman in person in an individual, private setting and gives her 33
an adequate opportunity to ask questions about the abortion that 34
will be performed or induced. At this meeting, the physician 35
shall inform the pregnant woman, verbally or, if she is hearing 36
impaired, by other means of communication, of all of the 37
following: 38

(a) The nature and purpose of the particular abortion 39
procedure to be used and the medical risks associated with that 40
procedure; 41

(b) The probable gestational age of the zygote, 42
blastocyte, embryo, or fetus; 43

(c) The medical risks associated with the pregnant woman 44

carrying the pregnancy to term. 45

The meeting need not occur at the facility where the 46
abortion is to be performed or induced, and the physician 47
involved in the meeting need not be affiliated with that 48
facility or with the physician who is scheduled to perform or 49
induce the abortion. 50

(2) At least twenty-four hours prior to the performance or 51
inducement of the abortion, the physician who is to perform or 52
induce the abortion or the physician's agent does each of the 53
following in person, by telephone, by certified mail, return 54
receipt requested, or by regular mail evidenced by a certificate 55
of mailing: 56

(a) Inform the pregnant woman of the name of the physician 57
who is scheduled to perform or induce the abortion; 58

(b) Give the pregnant woman copies of the published 59
materials described in division (C) of this section; 60

(c) Inform the pregnant woman that the materials given 61
pursuant to division (B) (2) (b) of this section are published by 62
the state and that they describe the zygote, blastocyte, embryo, 63
or fetus and list agencies that offer alternatives to abortion. 64
The pregnant woman may choose to examine or not to examine the 65
materials. A physician or an agent of a physician may choose to 66
be disassociated from the materials and may choose to comment or 67
not comment on the materials. 68

(3) If it has been determined that the unborn human 69
individual the pregnant woman is carrying has a detectable fetal 70
heartbeat, the physician who is to perform or induce the 71
abortion shall comply with the informed consent requirements in 72
section 2919.194 of the Revised Code in addition to complying 73

with the informed consent requirements in divisions (B) (1), (2), 74
(4), and (5) of this section. 75

(4) Prior to the performance or inducement of the 76
abortion, the pregnant woman signs a form consenting to the 77
abortion and certifies ~~both~~all of the following on that form: 78

(a) She has received the information and materials 79
described in divisions (B) (1) and (2) of this section, and her 80
questions about the abortion that will be performed or induced 81
have been answered in a satisfactory manner. 82

(b) She consents to the particular abortion voluntarily, 83
knowingly, intelligently, and without coercion by any person, 84
and she is not under the influence of any drug of abuse or 85
alcohol. 86

(c) If the abortion will be performed or induced 87
surgically, she has been provided with the notification form 88
described in division (A) of section 3726.14 of the Revised 89
Code. 90

(d) If the abortion will be performed or induced 91
surgically and she desires to exercise the rights under division 92
(A) of section 3726.03 of the Revised Code, she has completed 93
the disposition determination under section 3726.04 or 3726.041 94
of the Revised Code. 95

A form shall be completed for each zygote, blastocyte, 96
embryo, or fetus to be aborted. If a pregnant woman is carrying 97
more than one zygote, blastocyte, embryo, or fetus, she shall 98
sign a form for each zygote, blastocyte, embryo, or fetus to be 99
aborted. 100

The form shall contain the name and contact information of 101
the physician who provided to the pregnant woman the information 102

described in division (B) (1) of this section. 103

(5) Prior to the performance or inducement of the 104
abortion, the physician who is scheduled to perform or induce 105
the abortion or the physician's agent receives a copy of the 106
pregnant woman's signed form on which she consents to the 107
abortion and that includes the certification required by 108
division (B) (4) of this section. 109

(C) The department of health shall publish in English and 110
in Spanish, in a typeface large enough to be clearly legible, 111
and in an easily comprehensible format, the following materials 112
on the department's web site: 113

(1) Materials that inform the pregnant woman about family 114
planning information, of publicly funded agencies that are 115
available to assist in family planning, and of public and 116
private agencies and services that are available to assist her 117
through the pregnancy, upon childbirth, and while the child is 118
dependent, including, but not limited to, adoption agencies. The 119
materials shall be geographically indexed; include a 120
comprehensive list of the available agencies, a description of 121
the services offered by the agencies, and the telephone numbers 122
and addresses of the agencies; and inform the pregnant woman 123
about available medical assistance benefits for prenatal care, 124
childbirth, and neonatal care and about the support obligations 125
of the father of a child who is born alive. The department shall 126
ensure that the materials described in division (C) (1) of this 127
section are comprehensive and do not directly or indirectly 128
promote, exclude, or discourage the use of any agency or service 129
described in this division. 130

(2) Materials that inform the pregnant woman of the 131
probable anatomical and physiological characteristics of the 132

zygote, blastocyte, embryo, or fetus at two-week gestational 133
increments for the first sixteen weeks of pregnancy and at four- 134
week gestational increments from the seventeenth week of 135
pregnancy to full term, including any relevant information 136
regarding the time at which the fetus possibly would be viable. 137
The department shall cause these materials to be published after 138
it consults with independent health care experts relative to the 139
probable anatomical and physiological characteristics of a 140
zygote, blastocyte, embryo, or fetus at the various gestational 141
increments. The materials shall use language that is 142
understandable by the average person who is not medically 143
trained, shall be objective and nonjudgmental, and shall include 144
only accurate scientific information about the zygote, 145
blastocyte, embryo, or fetus at the various gestational 146
increments. If the materials use a pictorial, photographic, or 147
other depiction to provide information regarding the zygote, 148
blastocyte, embryo, or fetus, the materials shall include, in a 149
conspicuous manner, a scale or other explanation that is 150
understandable by the average person and that can be used to 151
determine the actual size of the zygote, blastocyte, embryo, or 152
fetus at a particular gestational increment as contrasted with 153
the depicted size of the zygote, blastocyte, embryo, or fetus at 154
that gestational increment. 155

(D) Upon the submission of a request to the department of 156
health by any person, hospital, physician, or medical facility 157
for one copy of the materials published in accordance with 158
division (C) of this section, the department shall make the 159
requested copy of the materials available to the person, 160
hospital, physician, or medical facility that requested the 161
copy. 162

(E) If a medical emergency or medical necessity compels 163

the performance or inducement of an abortion, the physician who 164
will perform or induce the abortion, prior to its performance or 165
inducement if possible, shall inform the pregnant woman of the 166
medical indications supporting the physician's judgment that an 167
immediate abortion is necessary. Any physician who performs or 168
induces an abortion without the prior satisfaction of the 169
conditions specified in division (B) of this section because of 170
a medical emergency or medical necessity shall enter the reasons 171
for the conclusion that a medical emergency or medical necessity 172
exists in the medical record of the pregnant woman. 173

(F) If the conditions specified in division (B) of this 174
section are satisfied, consent to an abortion shall be presumed 175
to be valid and effective. 176

(G) The performance or inducement of an abortion without 177
the prior satisfaction of the conditions specified in division 178
(B) of this section does not constitute, and shall not be 179
construed as constituting, a violation of division (A) of 180
section 2919.12 of the Revised Code. The failure of a physician 181
to satisfy the conditions of division (B) of this section prior 182
to performing or inducing an abortion upon a pregnant woman may 183
be the basis of both of the following: 184

(1) A civil action for compensatory and exemplary damages 185
as described in division (H) of this section; 186

(2) Disciplinary action under section 4731.22 of the 187
Revised Code. 188

(H) (1) Subject to divisions (H) (2) and (3) of this 189
section, any physician who performs or induces an abortion with 190
actual knowledge that the conditions specified in division (B) 191
of this section have not been satisfied or with a heedless 192

indifference as to whether those conditions have been satisfied 193
is liable in compensatory and exemplary damages in a civil 194
action to any person, or the representative of the estate of any 195
person, who sustains injury, death, or loss to person or 196
property as a result of the failure to satisfy those conditions. 197
In the civil action, the court additionally may enter any 198
injunctive or other equitable relief that it considers 199
appropriate. 200

(2) The following shall be affirmative defenses in a civil 201
action authorized by division (H) (1) of this section: 202

(a) The physician performed or induced the abortion under 203
the circumstances described in division (E) of this section. 204

(b) The physician made a good faith effort to satisfy the 205
conditions specified in division (B) of this section. 206

(3) An employer or other principal is not liable in 207
damages in a civil action authorized by division (H) (1) of this 208
section on the basis of the doctrine of respondeat superior 209
unless either of the following applies: 210

(a) The employer or other principal had actual knowledge 211
or, by the exercise of reasonable diligence, should have known 212
that an employee or agent performed or induced an abortion with 213
actual knowledge that the conditions specified in division (B) 214
of this section had not been satisfied or with a heedless 215
indifference as to whether those conditions had been satisfied. 216

(b) The employer or other principal negligently failed to 217
secure the compliance of an employee or agent with division (B) 218
of this section. 219

(4) Notwithstanding division (E) of section 2919.12 of the 220
Revised Code, the civil action authorized by division (H) (1) of 221

this section shall be the exclusive civil remedy for persons, or 222
the representatives of estates of persons, who allegedly sustain 223
injury, death, or loss to person or property as a result of a 224
failure to satisfy the conditions specified in division (B) of 225
this section. 226

(I) The department of job and family services shall 227
prepare and conduct a public information program to inform women 228
of all available governmental programs and agencies that provide 229
services or assistance for family planning, prenatal care, child 230
care, or alternatives to abortion. 231

Sec. 3701.341. (A) The director of health, pursuant to 232
Chapter 119. and consistent with Chapter 3726. and section 233
2317.56 of the Revised Code, shall adopt rules relating to 234

pregnant woman; 237

(2) Pathological reports; 238

(3) Humane disposition of the product of human conception; 239

(4) Counseling. 240

(B) The director of health shall implement the rules and 241
shall apply to the court of common pleas for temporary or 242
