

I'm against Ohio House Bill 22 because it is a clear violation of Ohio citizens' right to free speech and protest. Ohio House Bill 22 needlessly expands the definition of obstruction of justice, criminalizing the right to record police officers, who work for us, whenever they are on the public dime. The bill is intentionally confusing and dangerous to the public. I am a member of The Ohio Coalition to Stop House Bill 22 from becoming the law of Ohio. I am also the President of BLACK LIVES MATTER in Cuyahoga County..
