

Chesapeake Energy and The Ohio Department of Natural Resources, Division of Gas and Oil, had a failed attempt to put our family through a Forced Pooling back on March 5,2013. I request permission to explain the extreme ways and means an Oil and Gas Company can attempt to force Ohio Mineral Owners to give into unwarranted pressures. I wish to be clear; I do not believe there was any intention of the ODNR to do anything wrong. They were provided false information by Chesapeake Energy.
