

PROPONENT TESTIMONY OF:

Cynthia Cromwell
2107 Ronaldson Avenue Cincinnati, Ohio 45230

IN SUPPORT OF:

HB 55

Allow House committees/sessions be conducted virtually
House Government Oversight Committee

Dear Members of the Committee,

I fully support HB 55 which would allow people to testify virtually.

This would allow Ohioans to more fully participate in the democratic process. Most Ohioans are opposed to gerrymandering and have passed anti- gerrymandering legislation on both the State and Congressional level. This will be a huge issue this year and the voters need to be heard.

I encourage you to support this bill.
