**IN SUPPORT OF:**

HB 55  
*Allow House committees/sessions be conducted virtually*  
House Government Oversight Committee

Dear Members of the Committee;

Please consider those of us who are either unable to travel to the statehouse due to illness, job or family obligations to be able to provide virtual testimony.

Health officials have advised everyone not to congregate indoors so that we may contain the viral spread in our state.

Masks were not mandated in the legislature; therefore, those of us with underlying conditions are at great risk.

Please allow for virtual testimony!
