

Dear members of the House Government Oversight Committee,

I'm writing this testimony to be **entered into the official** record in support for Constitutional Carry, introduced by Representatives Tom Brinkman and Kris Jordan.

I fully believe that this right is protected under the constitution and urge passage of **HB227, Constitutional Carry**.

This is important, common sense gun legislation that is sweeping across America, and it has my full support!

Sincerely,

Tim Rash Sr.
