

Testimony Opposing HB227 House Government and Oversight Committee Submitted  
by: Sheila Drennen, Springfield, Ohio

Chair Wilkin, Vice Chair White, Ranking Member Sweeney and members of the committee, thank you for allowing me to provide testimony opposing HB227. Allowing just about anyone who wants to carry a concealed loaded gun in public places, regardless of how much they know about gun safety, regardless of how much or how little training the person has had in handling or using a firearm, regardless of their criminal history is my definition of insanity. This is a recipe for more murder and mayhem, as if mass shootings are not already at record pace. Please stop the madness! Please reject HB227.
