

Representative Scott Wiggam

1st House District

Chairman Wilkin, Vice Chair White, Ranking Member Sweeney, and members of the House Government Oversight Committee, I appreciate the opportunity to provide written testimony on H.C.R. 21.

At the beginning of this General Assembly I had the pleasure of working on Senate Bill 22 which gave the legislature the ability to have a check and balance on the powers granted to the executive branch by the legislature. These legislation became necessary because for the past year we have seen unprecedented steps taken by the executive branch by issuing restrictive orders and rules on Ohioans across the state. It is time that we use our checks and balances to rescind the remaining rules and orders that are still in place preventing our state from returning to normal.

The process of this resolution must move forward in an expedited manner in order to ensure Ohioans know that their representatives are fighting to restore their rights and liberties. I thank you for the opportunity to provide this testimony.
