

House Government Oversight Committee
Opposition Testimony HB 227

Sue Korte

Chairman Wilkin, Vice Chair White, Ranking Member Sweeney and Committee Members, thank you for allowing me to testify on this important public safety matter.

I am a resident of Ohio, a 63-year-old widow responsible for my full time job, an elderly mother in declining health, and two adult children still and yet once again, I have to take time to present testimony because once again, the Republican Senate majority wants to pass an ill-conceived and dangerous bill that will literally threaten the lives of Ohio's citizens.

If you pass HB 227, you are sending our families out into the community to face not only Coronavirus, but armed people who have not undergone a background check and may not even be able to shoot straight. We won't even be able to see that they are carrying a gun. This makes my community unsafe for me and my family. Who is looking out for OUR rights?

YOU are responsible for this nonsense. YOU need to end it. And WE will be here every step of the way until you do. Vote against HB 227.

Thank you.

Sincerely,

Susan Korte
