

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.

My name is Tim Stechschulte and I am a retired business professional and the reason I support House Bill 248 is because of the discrimination that would occur unless this bill is passed. What happened to Hippa Laws? Why is the Covid virus, the first virus that has allowed Government to come between patients and their Doctors, to decide what is best for them. Please do what you can to stop this attack on our freedoms.

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Tim Stechschulte
