*Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.*

*My name is Matt Stephens and I am the President of Stephens Excavating Inc. I support House Bill 248 because I am concerned our liberties are being taken away from us in small doses. We have to make sure we can still be a truly free nation.*

*I have chosen to NOT take the experimental shot that they call a vaccine. I actually believe I had the virus in the very early stages of "the pandemic" and therefore, according to the science that we are all told to follow, I don't feel I need it.*

*I am looking forward to going about my business without having to produce a card that reveals my personal medical choices.*

*Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248 and thank you for representing us, the people.*

*Sincerely,  
Matt Stephens*
