

*Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.*

*My name is Lauren Fondaw and I am a stay at home mom & content creator. The reason I support House Bill 248 is because medical freedom and private records is something I will forever be passionate about. My son died from vaccines and not enough people know the severe side effects they have on people. Making medical records open adds increased peer pressure to individuals which is completely wrong. People should not feel pressured or guilted into medical decisions. I will fight for my children's rights until I can't fight a second longer.*

*Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.*

*Sincerely, A grieving mother*

*-Lauren Fondaw*
