

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.

My name is Larry Hollenbaugh and I am retired. The reason I support House Bill 248 is because I do not believe any employer or the government should be able to tell me what to do with my body. I am concerned for my children and grandchildren being forced to inject a vaccine into their body to be able to provide for their families and attend school.

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Larry Hollenbaugh
