

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.

My name is Robert Shannon and I am a sales rep. The reason I support House Bill 248 is because I do not feel that the government or any employer should be able to tell anyone what should/must be injected into their body. I personally have had the COVID vaccine, but that was a decision I made with my doctor in a private informed conversation. Each person should be able to make the decision of what is best for themselves without government or employer interference.

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Robert Shannon
