Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.

My name is Lindsey Wasniak and I am a healthcare worker and the reason I **support** House Bill 248 is because I believe in bodily autonomy. I see many people in my field with lots of different issues and I know how important it is that we have choices in our medical treatments and procedures. No one should be discriminated against for choosing what the best medical choice is for them.

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Lindsey Wasniak
