

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.

Hello, my name is Emily King and I am a nurse. The reason I support House Bill 248 is because I believe in medical freedom. Soon I will be terminated for declining an experimental vaccine with no long term safety studies. I believe every person should decide what medical procedures that want to have done, I believe in freedom and bodily autonomy .

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Emily King
