Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248:

My name is Ernest Roncone of Strongsville, Ohio and I am (a small business owner, soccer coach and religious teacher) and the reason I support House Bill 248 is because I want personal choice and freedom.

I am a Healthy, Educated Ohioan. I have a medical condition that can be exacerbated by the mRNA Vaccines. Please allow those of us who choose to live freely and of their own accord, govern their own bodies and choose whether we would want a vaccine or not.

We UNDERSTAND the risks and consequences. Please do what is right by ALL Ohioans and vote for FREEDOM of choice and not to satisfy Medical/Pharma Lobbyists and Interests.

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Ernest Roncone
