Chairman Lipps, Vice Chair Holmes, Ranking Member Russo and Members of the House Health Committee

My name is Ken Weaver and I would like to provide proponent testimony on House Bill 248.

No one has the right to tell me what I can do with my body and any medical procedure is between me and my doctor. No one has the right to that information.

No employer, government agency, school or public establishment should be allowed to discriminate, segregate or impose restrictions because of a medical choice made by me.

Thank you for the opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Ken Weaver
