Chairman Lipps, Vice Chair Holmes, Ranking Member Russo and Members of the House Health Committee

My name is Susan Frank and I would like to provide proponent testimony on House Bill 248.

I believe it is a basic human right to be able choose what goes in my body **MY BODY MY CHOICE!**

No employer, government agency, school or public establishment should be allowed to discriminate, segregate or impose restrictions because of a medical choice made by me for my body.

Thank you for the opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Susan Frank
