HB 248 Testimony

Chairman Tipps, Vice Chair Holmes, Ranking  
Members Russo, and Members of the House  
Health Committee, thank you for the  
opportunity to provide Proponent testimony  
on HB 248.

My name is Julie E. Boso, RN-BSN and I  
work full time as a Lead Medical Underwriter.  
The reason I support HB 248 is because I'm  
also a mother. I am not "Anti-Vaccine"  
by any means, however, I am 100% Anti  
Tyrannical rule. I support our right as  
Americans and Adults to choose what medical  
treatment we deem fit for us and our children  
based on our own deeply held beliefs. I  
believe we should be given all information  
and allowed to make conscious, thoughtful  
decisions based on our faith, our research and  
our values, not based on fear tactics and  
bullies who impose cookie cutter rules.  
Our rights are God given, not Government  
given.

Thank you once again for this opportunity to  
provide testimony on the need for and urgency  
of HB 248.

Sincerely, Julie E. Boso, RN-BSN
