

My name is Sandra Norris and I am retired. The reason I support House Bill 248 is because I want to make sure I have access to the hospital with a working staff if I need to be hospitalized. Too many staff will be eliminated if HB 248 fails. I also have a daughter with 20 plus years experience in the healthcare field and she (as the family breadwinner) will lose her job if this is not passed. I think getting the injection should be a matter of choice like every other vaccine.

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely, Sandra Scherrer Norris
