

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee,

I support HB248. I believe that Ohioans and all Americans should have ultimate authority over their medical decisions and a right to maintain privacy regarding those decisions. With employers mandating COVID vaccines, businesses implementing vaccine passports, and those who decline facing discrimination, I believe this bill is very important. As Americans, it is our duty to fight for the freedom of our citizens. Our state's progress is crucial to the entire country. I stand with you as you fight to ensure that HB248 is heard and passed promptly.

Thank you,
Sandra Schottenheimer
