

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on Ohio House Bill 248.

My name is Izolda Gutuescu, I am the Dining Room Director of a Retirement Home and here are reasons I support House Bill 248:

- The Bill is in line with unalienable human rights we are born with,
- The Bill is in line with the Nuremberg code,
- The HB248 Bill does prevent abusive, unacceptable treatment of citizens by despotic governments or other organizations/entities,
- The HB248 Bill prevents illegal, inhuman, unacceptable discrimination against groups of people that value their family and fellow citizen's freedoms, the sanctity of their body and spirit.

It is regrettable that society needs a House Bill to respect the irrefutable, indisputable, undeniable rights of its members. The content of this injection and/or any reasons some people may decide to take it, are absolutely irrelevant.

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Izolda Gutuescu
