

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.

Thank you for your commitment to help healthcare workers everywhere in Ohio.

I am a hcw and do not want to get this shot. This vaccine has not been tested over time, it is not 100% effective, and the virus is still spreading through the vaccinated. There are also plenty of options for treating this virus that actually work.

My body, my choice. This is total discrimination. No one knows my health history as well as me.

PLEASE SUPPORT THIS BILL!

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.
