Chairman Lipps,
Vice Chair Holmes,
Ranking Member Russo,
and members of the House Health Committee,

My name is Keshia Buckland. I work in the medical field, am a wife and have 2 school-aged children and am pregnant with our last child. The reason I support House Bill 248 is because it will not only protect me and my families, but ALL of Ohio's healthcare privacy. I also support House Bill 248 because it protects ALL Ohio's businesses who honor Ohio's vaccine choice and privacy.

Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Keshia Buckland
