

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo, and Members of the House Health Committee, thank you for the opportunity to provide proponent testimony on House Bill 248.

My name is Sherry Gentile, and I am a retired radiation therapist. I support House Bill 248 because a vaccine mandate would destroy our constitutional freedom. In addition, I feel the good Lord gave us an immune system for a reason; additional vaccines are not necessary, especially for a vaccine with a 99% recovery rate. I also fear this may be the first of additional mandates by the government, and we don't need more government.

Thank you for the opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Sherry E. Gentile
