

Chairman Lipps, Vice Chair Holmes, Ranking Member Russo and Members of the House Health Committee. Thank you for the opportunity to provide proponent testimony on House Bill 248. My name is Suzanne Stickelman, and I am a work from home professional. I have been doing this for many years pre covid. I support House Bill 248 because I believe it is an individual's personal choice whether to take any type of vaccine and not a right of any government entity to mandate it. I, for example, had Covid in October and have confirmed antibodies so I believe the science states that I am naturally immunized. At this point no one has required me to get the vaccine, but I believe it is a matter of time before that happens. I am strongly against mandating vaccines and having vaccine passports. Thank you once again for this opportunity to provide testimony on the need for and urgency of House Bill 248.

Sincerely,

Suzanne Stickelman
