TO: Chairman Wiggam, Vice Chairman John, Ranking Member Kelly, and members of the State and Local Government Reform Committee

Dear Legislators:

I am testifying **in favor of HB 90**. This legislation preserves the autonomy of the individual and returns to Ohio businesses to serve their customers and provide for their families. EVERY BUSINESS is essential; if a business was not 'essential', it would have no customers. All persons who have owned and/or operated a business understand that core concept. Businesses have been unnecessarily destroyed by over-reach of this Governor.

An emergency no longer exists in Ohio; in fact, an emergency cannot last for nearly a full year. The health of Ohioans is more adversely destroyed by lock downs and masks mandates than by a viral infection with a 99.91% survival rate.

PLEASE VOTE YES on HB 90 to restore the balance of power where it should be. I also request that STATE LEGISLATORS follow the published SCIENCE not the government's distorted science which is truly nothing more than PROPAGANDA issued as a form of control.

Sincerely,

Sherri J Tenpenny, DO, AOBNMM, ABIHM
