

My name is Tamara Kueterman and I am a concerned citizen in Ohio calling to ask for your support of HB90. The overreaching orders issued over the last several months by the Governor and the Health Director have affected me and my husband and the lives of our seven children. Our jobs and incomes have been affected through shutdowns and curfews, our college children's lives are devastatingly affected, and our high schooler is also so sadly affected. We are Catholics and our religious lives have also been disastrously affected. Our senior citizen parents have also been affected. There is no "common sense" logic applied evenly to all decisions. **A thousand people can enter Walmart and a hospitalized or dying elder cannot have a family member(s) or a priest present??**

Even in a crisis, Ohio needs checks and balances by giving the legislature the ability to rescind these orders." This year Governor DeWine's action have ruined Ohio's economic welfare and our confidence in Ohio's government. Please support HB90.
