

Testimony of Bryan S Chappell  
Support SB90  
Government Oversight and Reform  
February 16, 2021

---

Chairman Wiggam, Vice Chair John, Ranking Member Kelly and honorable members of the State and Local Government Committee:

I am writing this testimony in support of House Bill 90. I have been greatly affected by the Governor and Health Director's orders. I am a sophomore in high school and barely had a soccer season and also did not have a homecoming. I can hardly imagine what it would be like if I was a senior in high school and had great experiences like prom and graduation taken from me. I was affected in other ways this past year besides just high school. I was planning to have my drivers license in October of 2020 and have still yet to receive it. Because I do not have my license it has made it hard for me to get a job because I cannot transport myself to and from work. These are just a couple of the many ways that I have been negatively impacted by governor DeWine and the Health Director's orders.

I am asking that you please vote yes on House Bill 90 with an Emergency clause so the voices of the people can be heard immediately.
