

I am testifying today in favor of HB 90 as an Ohio resident deeply concerned about courses of action being taken under the current emergency powers and the dire effects it is having on all of us.

The terminology of a pandemic or epidemic has changed to a lesser meaning and the Ohio health department orders are encompassing too much without oversight. The Emergency mandates are worse than the 'disease'.

The health department should not have full rein of power especially with Pharmaceutical companies being able to be a majority advertiser on television that therefore control the content of television stations and social media. These television stations cannot present programs against pharmaceuticals companies and therefore control a 1 sided narrative to the American public.

This bill restores the balance of power to where it should be, between the three, COEQUAL branches of government, and finally gives a VOICE to the PEOPLE of Ohio via their legislators during a declared emergency.

Our businesses, our economy, our social and emotional well-being and the future of our children are on the line. Our state cannot thrive under the continued oppressive and unopposed orders of an over-reaching Governor.

Please stand up and protect our personal liberties and the future of our state by voting YES on HB 90!

Thank you,

Cindy Meyer
