

Chairman Wiggam, Vice Chairman John, Ranking Member Kelly, and members of the State and Local Government Committee: Thank you for allowing me proponent testimony for House Bill 90.

My name is George Ilavsky and I am a medical laboratory technician and I urge you to support and vote YES on HB 90. The passage of this bill is desperately needed for the preservation of our state and to return order to our government. Currently, there is an imbalance between the separation of powers. Governor DeWine and the Ohio Department of Health has unconstitutionally used their authorities to mandate orders that have negatively affected the state of Ohio and millions of citizens. I am appalled that Governor DeWine and the Ohio Department of Health has not consulted with the legislature at all during this whole pandemic. I am also disgusted by Governor DeWine's willingness to ignore the rights of all Ohio citizens and businesses. Constitutional rights are God-given and should not be infringed. He has infringed on many rights. He has provided false information, left out important data and statistics, or has altered the data to support the continuation of his unconstitutional and unlawful authorities. Please take a stand and fight for Ohio and vote YES on HB 90.

Thank you,

George Ilavsky
