

I would like to add my testimony to the record in support of 134th General Assembly Ohio House Bill 62.

Please vote to protect our 2nd Amendment in Ohio with this Sanctuary State bill.

It really is quite simplistic; when guns are outlawed only outlaws will have guns.

Equally simple is the analogy of the signs in store windows that declare a gun free zone. Again only law-abiding citizens will honor that establishment's policy. Actually the sign only serves to provide an unrealistic level of comfort to some patrons. It also is a bold statement to "outlaws" that they can expect no armed resistance to their intended crime, mayhem and worse.

Thank you,
