

Testimony of Jim Hey in support of HJR No.1

Chairman Wiggam, Vice Chairwoman John, Ranking Member Kelly, and members of the House S&LG Committee:

I was a police officer for 25 years with the Cincinnati Police Department. I am a native of the Cincinnati area as is my family. I retired in January 2nd 1992, and I still live in Hamilton County.

I have received the 3 CoVid19 vaccines by Pfizer of my own volition to adhere to our Governor's and Federal Government's demands. I feel this is outside of our government's powers, and I want the Federal Government mandates **out** of my personal health care decisions!! As my duties as a police officer, I would never have been expected to arrest someone for not being vaccinated.

Further, Inflation has so "eaten" away at my small police pension I may need to go back to work so my wife and myself can feed ourselves, pay for any medical treatments and maintain our house. The lack of our government to free up our society and to let our country prosper is hurting everyone, especially us on a fixed income.

I wanted to express my support to return control to our state government, where citizens like myself and my family can have an input that will be heard, and that is why I ask you to pass HJR1 in support of a Convention of States. I receive regular emails from my Ohio House Representative Cindy Abrams to keep me updated on Ohio's Legislations.

Sincerely

Jim Hey
