

Our family decided to open the home as a str when my wife was in an accident and lost her busyness in 2018 in child care of 33 years.

My income is not guaranteed so neither of us was earning an income to meet our needs especially after taking in dorenes grand son. Starting an airbnb has been an enjoyable experience with no problems.

Our neighbors and community are supportive. We are praying we will be able to continue.

Sincerely,

Jeff vernon
