

Hosting for 2 years.

Being a host has allowed us to travel to Ohio and spend time with our family while hosting gatherings . The income it provides has given us a great opportunity to employ help with the property and travel.

It would allow it to continue.

Our rental has supplement the income of local cleaning and landscape companies while bringing tourist dollars into the town.

The AirBnb income is just enough to cover our cost of owning the property.

Yes am willing to meet .

Sincerely,
BRIAN TURNER
