

I've been hosting just under a year, and I can't imagine a better opportunity to happen to my husband and I. We were able to open two STRs within two months of each other which has helped us pay for our mortgages and expenses. This wouldn't have been possible without a STR. Our STRs have drawn in people from Pittsburg to Buffalo to Charleston. They have not only come to visit our home but have brought economic growth to the countless small businesses in our area. We recommend many restaurants, bakeries, coffee shops, wineries, stores and trails to visit during their stay. The Lake Erie shoreline has expanded tremendously with the help of fellow hosts bringing tourism in through their unique accommodations. I've been a resident of the area for 25 years, and the STR market has helped drive countless tourists to the area.

Short term rentals have helped my family save for retirement and enjoy more time together. I am actually in the process of going part-time as a RN with the help of my short term rentals. I was facing severe burnout with the profession and there is thankfully some relief in sight with the help of the extra income! I'd be willing to share my stories with others if needed to testify to the benefit of short term rentals.

Sincerely,

Renee Young
