

Brian Baldrige
State Representative, 90th House District

Vice Chairman McClain, Ranking Member Sheehy and Members of the House Transportation and Public Safety Committee, As Rep Stephens and I look at the District 9 area of ODOT we want to make sure safety is always our first priority. When it comes to our local subdivisions when dealing with mowing of our highways the only thing consistent is the inconsistency.

To hopefully help with an understanding with this issue, I want to describe what we are referring to. We are not talking about two lane highways within a village, with speed restrictions. These are not interstate highways but 4 lane highways with limited access and speed limits up to 60 miles an hour.

My co-sponsor and I have brought this legislation forward to address an important issue in our area and across the great state of Ohio. I want the committee to know we have done our due-diligence before bringing the bill forward with no resolve. Vice Chair McClain, Ranking Member Sheehy, members of the transportation and safety committee this is why we stand before you today and would be glad to answer any questions.
