Seneca County, Ohio
In support of SB-52
Ohio Senate Energy and Public Utilities Committee
March 9, 2021**

Chairman Peterson, Vice Chair Schuring, ranking member Williams, members of the committee, I write as a proponent of SB-52.

I believe that the local residents who will have to live with the effects of Wind Turbines in their neighborhood should be provided with truthful and appropriate information concerning wind projects.

The local community should also have a voice (vote) in the decision process.

Outside entities with deep pockets should not be allowed to persuade politicians sitting in Columbus to determine whether or not a community lives in the presence of Wind Turbines.
