

I support SB117 b/c it completes the full repeal of HB 6 by repealing the bailout for the expensive, polluting and outmoded Ohio Valley Electric Corporation (OVEC) coal plants in Kyger Creek, Ohio and Clifty Creek, Indiana.

These coal plants are serious polluters. Since 2020 they have released 13,000 tons of carbon dioxide, 13,000 tons of nitrogen oxide and 7,000 tons Sulphur dioxide into the atmosphere.

And they are an expensive burden to consumers. The Ohio Consumers' Counsel says that [so far \\$107 million in coal subsidies have gone to OVEC coal plants since the beginning of 2020](#). [And they receive another \\$233,000 on a daily basis.](#)

I ask you to support SB 117!

Sincerely,

Chris Pekoc
