Testifying on SB22
Proponent

Chairman Roegner, Vice Chairman McColley, Ranking Member Craig, and honorable members of the Government Oversight and Reform Committee:

Thank you for allowing me to testify today in favor of SB22. As a citizen of Ohio who has witnessed a great loss in the balance of power take place in our government, I have found this highly concerning. As we all know, the distribution of power among three equal branches of government was put into place by our founding fathers for very specific and very important reasons. To disregard this sets a very dangerous precedence, and this concerns me deeply.

Furthermore, It has been my personal experience that the courses of action being taken under the current emergency powers has had a more negative effect on both myself and everyone I know then COVID19 itself has had. It's important to ensure that the solution is not worse than the disease itself. As we endure through all of this, It is absolutely crucial that We The People have a voice via our elected legislators, so for these reasons, I ask you to please vote yes on SB22!

Thank you!
