Please provide a brief statement on your position: I am in support of SB 22. One person should not have as much power over the citizens of the state of Ohio as the governor currently has. This opens up too much ability to abuse that power. We have a constitutional system of checks + balances for that reason. Each time they have been used, he has vetoed it. That is an act of a dictator. This is very dangerous for the citizens of Ohio. We are not being represented. There have been many consequences to the people of Ohio due to the choices the governor has made. Loss of businesses + livelihoods, suicide, women

Please be advised that this form and any materials (written or otherwise) submitted or presented to this committee are records that may be requested by the public and may be published online.

+ children stuck at home with their abusers, people who have medical conditions being turned away or harassed at stores because they cannot wear a mask, the elderly dying from loneliness at nursing homes, increased crime + alcoholism just to name a few. This must stop now. Government needs to be reined in. The government exists to protect the rights of the people it serves. We are currently being bailed. We elected you to represent us. Not control us.
