

Chair Roegner, Vice Chair McColley, Ranking Member Craig, and the honored members of the government oversight and reform committee,

Please vote yes on SB22. I am very concerned about the overreach by the governor related to the COVID mandates and regulations. Even in chaos, the rule of law must be adhered to by Ohio's elected officials. Furthermore, the data simply doesn't support the draconian measures being instituted by the executive branch - the response to COVID has been incredibly disproportionate to the risks of COVID. Small businesses are being destroyed by illegal government action that is based on very questionable data and analysis. Please be a representative FOR the people of Ohio and put a limit on the governor's actions.

Please vote YES on SB22!
