SB22 PROPONENT TESTIMONY

February 9, 2021

Chair Roegner, Vice Chair McColley, Ranking Member Craig, and the Honored Members of the Government Oversight and Reform Committee:

I am writing to respectfully request that we begin the process of restoring laws and freedoms back to our state and country. This insanity has got to end!!! Myself, my business, my rather large extended family and my many friends have been so adversely affected by these non-sensical mandates and orders that it would look like a book so I choose not to record them all to you. We cannot allow one person to dictate these draconian measures with absolutely no REAL science to justify these measures. There have been such horrible consequences to these medieval measures that it has to end. Please look at all the suicides, opioid overdose deaths, etc. caused by these measures. It's NOT from the VIRUS, it's from the fact that politicians have grabbed this to use their power-hungry minds to rule as they see fit. I am sick and tired of this madness.

I pray to God every day that this ends – please pass SB22 to start the healing and restore the rule of law and our civil liberties as our forefathers worked so hard for!!

God will prevail...

Thank you.
