

Chair Roegner, Vice chair McColley, Ranking member Craig, and the honored members of the government oversight and reform committee.

I urge you to pass SB22, the state of Ohio needs to have checks and balances in place.

My father was put into a nursing home back in August and nobody has seen him since. It is highly impacting his mental state and my mother's mental state. They have never been apart this long and as of right now, there is no end in sight. The citizens of Ohio need someone looking out for our best interest and I do not believe Governor DeWine is doing that. Please vote yes on SB22 and help stop the suffering happening to so many people.

Thank you

Mary Benton
