

STATE OF OHIO

Executive Department

OFFICE OF THE GOVERNOR

Columbus

I, Mike DeWine, Governor of the State of Ohio, do hereby appoint Jamillee L. Krob, from Canton, Stark County, Ohio, as a Member of the State Dental Board for a new term beginning April 7, 2021 and ending at the close of business April 6, 2025, replacing Jamillee L. Krob, whose term expired.

IN WITNESS WHEREOF, I have hereunto subscribed my name and caused the Great Seal of the State of Ohio to be affixed, at Columbus, this 19th day of March in the year of our Lord, Two Thousand and Twenty One.

Mike DeWine

Mike DeWine
Governor

Jamillee L. Krob, DHed, MPH, RDH

Canton, Ohio

330-268-9582 ~ jamilleekrob@gmail.com

Teaching Philosophy

- My teaching philosophy focuses on helping students accomplish their academic goals through the use of both traditional and modern approaches as a result of modeling good communication, a real enthusiasm for subject matter, and a concern and compassion for students.
- My teaching strategy can be woven into three overarching stages: exposing students to new concepts, facilitating understanding of the material through application examples, and developing and directing well-supported and reasoned arguments that build critical thinking.

Professional Profile Summary

- Effective communicator with excellent planning and organizational skills.
- Experienced in face-to face instruction and online teaching.
- Demonstrates excellence in course development and instruction.
- Demonstrates an effective background of developing, implementing, and managing special programs specific to health services.
- Enthusiastic and welcomes interprofessional collaboration.

Education

Doctor of Health Education

A.T. Still University/College of Graduate Health Studies (Kirksville, MO) December 2015

Master of Public Health

Walden University (Minneapolis, MN) February 2009

Bachelor of Arts Degree in Organizational Management

Malone College (Canton, OH) December 2006

Associate Degree in Applied Science/Dental Hygiene

Lakeland Community College (Mentor, OH) May 1983

Professional Licensure

Registered Dental Hygienist: State of Ohio June 1983 to Present

Experience

Public Health, Research, and Leadership/Management Experience

2021

- January 2021 elected for a 2-year term as a representative from Ohio to serve on the National Steering Committee for the Commission on Dental Competency Assessments (CDCA). This is a two year position. The Steering Committee of the CDCA work in an advisory capacity regarding the business activities of the organization. The CDCA facilitates the licensure examination process for candidates seeking licensure through state board clinical examinations by developing, administering, scoring, and reporting the results of its examinations in Dentistry and Dental Hygiene. The CDCA administered clinical examinations are accepted in 46 different US states/jurisdictions and Jamaica.

2019-Present

- April 2019 appointed to serve on the Oral Health Policy Committee on behalf of the Oral Health Section of the American Public Health Association (APHA). The obligations of this position include, but are not limited to: Advising on oral health policy management and initiatives, reviewing existing policies/statements and update as needed, review any policies that come to this section for support and/or promotion, pursue opportunities for oral health policies to be included in larger APHA policy initiatives/statements. The APHA is dedicated to improving the health of all U.S. residents by means of advocacy for adoption by the government of the most current scientific advances relevant to public health, and public education on how to improve community health.

2018-Present

- November 2018 appointed to serve as a member of the Allied Dental Health Professions Advisory Board at Stark State College. Members are expected to offer strategic guidance used to coordinate the activities and efforts of the departments associated with the Allied Dental Health Professions at Stark State College.

2018 - Present

Elected to serve as President of the Stark Collaborative Dental Hygienist Association (SCDHA). SCDHA is an incorporated component of the American Dental Hygienist Association/Ohio Dental Hygienists' Association and represents all registered dental hygienists in Ashland, Carroll, Coshocton, Harrison, Holmes, Jefferson, Knox, Morrow, Portage, Richland, Stark, Summit, Tuscarawas, and Wayne counties. The president serves as acting director and chairperson of the association's executive board, has general supervision and direction of all elective officers and committee chairs, and see that their duties are properly performed.

2017 - 2021

- Appointed by Governor John Kasich to serve a 4 year term on the State Dental Board of Ohio. The State Dental Board is an agency of state government and governs the

qualifications of the practice of dentistry within Ohio. This includes licensure qualification and continuing education requirements, establishment of standards of practice and conduct, and administering disciplinary actions for misconduct for organized dentistry in Ohio. I served as: the Chair of the Education Committee 2018-2019; Chair of the Ad Hoc Committee 2019-2020; Chair of the Policy Committee 2020-2021.

2016

- Along with a colleague (Dr. Lori Dewald), I conducted research on the dental health behaviors of college students. I developed and distributed (via IRB approval) a pilot survey to all Malone students (ages 18 - 25). The collected data was used in our study to develop dental/oral health education for young adults and college-aged students. This research was very important because there had never before been a research study on the dental health of college students. This was also continuation of my research concerning oral health literacy and the ways in which it affects health services management and leadership (including provider-patient communication used to improve patient compliance and treatment plan acceptance). The preliminary findings were presented in a General Session presentation at the 2016 American College Health Association Annual Meeting, San Francisco, CA on June 2, 2016.

2015

- Developed, implemented, and evaluated an oral health educational intervention specific to oral health literacy of adults seeking care at a Federally Qualified Health Center. Part of doctoral research, the intervention was pragmatic in both content and delivery so it may be used as a method for face-to-face patient education communication in a dental clinical practice setting. This process required leadership and coordination of all activities over approximately 6 months, including management of the limited available resources.

2014-2017

- Elected 3-year term serving on the Board of Trustees to the Ohio Dental Hygienists' Association (ODHA) representing Ashland, Carroll, Harrison, Holmes, Jefferson, Richland, Stark, Tuscarawas, and Wayne Counties. This position serves as a liaison between local members and the State Board of Trustees. The Board conducts the activities of ODHA and it is the responsibility of a trustee to communicate constituent concerns and activities for distribution to the full membership. Trustees also participate in ODHA standing or ad-hoc committees and councils as needed.
- This requires the following leadership activities:
 - Ensuring the local component is legally, fiduciary, and ethically compliant.
 - Confirming the branding cohesiveness of the local with the state and national entities.
 - Charged with overseeing the criteria required to continue to be chartered and ensuring ongoing compliance.
 - Communicating the connection and alignment to strategic planning from ODHA.
 - Communicating alignment to member needs & developments in the profession.
 - Ensuring continuity and quality of member services and communicating needs.
 - Working with the state entity regarding resource allocation on national and state levels.
- 2015-16 - As trustee, I led the local organization through the process of non-profit incorporation. See: www.scdha.net

2012

- Developed, implemented, presented, and led training programs as an introduction to oral health for the SPARK Parent Partners of Stark County, OH. This Train-the-Trainer format as an introduction to oral health, discussed the relationship between oral and systemic health, and provided many resources that Parent Partners (i.e., liaisons between health services and enrolled families) can share with SPARK families. SPARK, "Supporting Partnerships to Assure Ready Kids," is a multi-year initiative funded by the W.K. Kellogg Foundation in partnership with the Sisters of Charity Foundation of Canton.

September 2008 - February 2009

- Principle Investigator: Collaborated with the Stark County Health Department for six months and was responsible for the development, implementation, and analyses of the elements used in a county-wide assessment process evaluating the state of access to dental health care within Stark County, Ohio as part of an academic practicum. This included the management of human, financial, and technological resources, as well team management for involved entities.
 - Conducted literature research, development of two survey instruments, coordinated efforts between the health department and the 17 county public schools that participated in the survey administration, administered 1,700 community and 800 8th grade surveys, collected data, data entry and analyses, and drafted final report which included recommendations for programming and interventions designed to ease the access to dental care disparities within the county.
 - Developed and delivered a dental health presentation to 800 Stark County 8th grade health and science students.
 - Reported findings via presentations to local and state level health departments regarding access to and utilization of dental health care.

2005 – 2008

- Developed and implemented the Community Service Learning Program for the Dental Hygiene Department at Stark State College and served as the Service Learning Coordinator for three years.
- Management responsibilities included:
 - Responsible for contacting clinical sites and or agencies for possible educational/clinical opportunities and arranged, assigned, and scheduled off-campus clinical and educational service learning experiences for dental hygiene students.
 - Collaborated with Case Western Reserve University School of Dental Medicine in their dental sealant program: *Healthy Smiles Sealant Program*.
 - Established a partnership with Houck Family Dentistry (Wadsworth, OH) for dental hygiene students to provide dental hygiene treatment to the homeless population at Haven of Rest Ministries (Akron, OH).
 - Served as a field manager for all participants in the program, managed all resources and budgetary reporting required of the program.

2001

- Served as a field manager for a research project with Case Western Reserve University School of Dental Medicine. The project was researching communication in the dental office. The focus was investigating the consistency involving both oral and written communication between oral health professionals and their patients. Developed a training session for the examination instrument that would be used in field offices, developed a mechanism establishing intra-rater reliability within the examination team, served as the

central communication manager for researchers and field offices, and served as coordinator of the field schedule for the research project.

1983- Present

- As a dental hygienist with over 30 years of practice experience, I am a clinical leader and am responsible for clinical practice management and organizational skills used in the clinical approaches of the organization. This includes clear communication of organizational objectives with the staff, identification and management of resources, and evaluation and modification of programs specific to health care delivery, education, and associated use of products. My expertise in provider-patient communication, along with my referent power, has had a positive impact on organizational productivity and profitability, as well as patient retention, commitment, and engagement. Additionally, I remain current with dental hygiene practice and health promotion trends via continued education and networking.

Teaching Experience

Aultman College of Nursing and Health Sciences

Job Title: Adjunct Professor, Health Sciences

Years Employed: August 2017 to Present

Department of Foundational Education and Health Sciences

2600 Sixth St. SW

Canton, OH 44710-1799

jamillee.krob@aultmancollege.edu

Responsibilities include course development and didactic instruction for both online and face-to-face delivery for the Department of Foundational Education and Health Sciences.

- MGMT371: Foundational Principles of Environmental Science Revised 2013

ACADEMIC ADVISING

- Involved in undergraduate academic advising from 2009 – to 2017
- Integrated Undergraduate Research Projects – I supervised over 50 undergraduate academic research projects. This was a mandatory student component that spanned up to 12 months of the curriculum. During that span of time, I worked with students on project activities such as the topic selection and the investigation component, literature review and research, all approval procedures including IRB, the design portion of the experimental phase, writing the project report including use of APA style, and presenting two required oral presentations.

ACADEMIC COMMITTEE WORK & LEADERSHIP

- Academic Policy Committee (elected 3 year term beginning 2016)
- Faculty Development Committee (appointed 3 year term beginning 2015)
- Chair Alumni Malone Management Mentor Network (M3N) Committee (2015-16)
- School of Business and Leadership Board of Directors strategic planning (2014-15)
- Fine Arts Committee (appointed 3 year term 2013- 2015)
- Committee on Retention for Degree Completion Students (2013-2014)
- Committee for hosting Accreditation Council for Business Schools and Programs Region 4 Conference (Spring – Fall 2013)
- CCCU Assessment Project (2012-2013)
- HLC Self-Study Criterion Four Committee (2011-2012)
- Chair MGMT Service Learning Development Committee: ground (2008) and online (2011)

ACADEMIC ACTIVITIES

- May 19, 2016 – Co presenter (along with Dr. Laura Foote): *The Nuts and Bolts of Google Forms* as part of the Malone Technology Training/Faculty Development Workshop --- presented to both full-time faculty and adjunct faculty).
- April 1, 2016 – panel speaker: “*Best Practices*” of *Online Teaching* as part of the Malone Faculty Development Series.
- February 4, 2016 - M3N Training Session - Lead developer, team presentation
- April 22, 2015 – MGMT Faculty Development Workshop and Calibration Session: *The Grading Process* (sponsored by MMP – full-time faculty contributed to the workshop development and it was delivered to adjunct faculty)
- January 12 - February 20, 2015: Faculty Faith Integration Workshop - lead a 5 week section of the workshop for MGMT adjunct faculty.
- Jan 14, 21, and 28, 2014 - Presentation: Canton City Police Department – Three 1.5 hour training presentations: *The Power of Expectations*.

- October 2014 - Student Success Workshop: Prepared and delivered “Jot This Down: Strategies for Note Taking.”
- 2012-2013 - New Faculty First Year Mentor.
- November 2013 - Faculty workshop and development - Training for MGMT Adjunct Faculty (Problem Solving in Management Part One and Two courses) – Lead.

Stark State College

Job Title: Adjunct Instructor, Dental Hygiene
 Years Employed: August 1999 to December 2008
 Dental Hygiene Program
 6200 Frank Ave., Canton, Ohio

Responsibilities included laboratory and or clinical instruction in the following courses:

- | | |
|---|-------------|
| • DHY131: Fundamentals in Dental Hygiene (Lab) | 1999 – 2008 |
| • DHY123: Radiology (Lab) | 1999 – 2008 |
| • DHY223: Community Oral Health | 1999 – 2008 |
| • DHY133, DHY232, DHY234: Clinical Dental Hygiene (Lab) | 1999 - 2008 |

LEADERSHIP - DENTAL HYGIENE SERVICE LEARNING COORDINATOR

2005-2008 - Developed, implemented, and managed the Community Service Learning Program for the Dental Hygiene Department and served as the Service Learning Coordinator for 3 years. I was responsible for contacting clinical sites and /or agencies for possible educational/clinical opportunities. I arranged, assigned, and scheduled off-campus clinical and educational service learning experiences for over 40 dental hygiene students per year, working with approximately 15 different community agencies, all working within a \$5, 000 grant budget .

Learning Management Systems Experience

Educator: Extensive experience with Pearson eCollege, Moodle, and ANGEL.

Distance learner: Used Blackboard Learn and Pearson eCollege.

Professional Experience

Practice Limited to Periodontics

Carl M. Peshoff, DDS, INC.
 Job Title: Dental Hygienist
 Years Employed: 1985 to June 1, 2020
 2223 Fulton Rd.
 Canton, Ohio, 44709
 330-454-300

In addition to serving a leadership role regarding clinical practice management, my professional clinical responsibilities include: new patient examinations and preliminary treatment planning (including head and neck evaluations and oral cancer screening, intra-oral examinations, charting

existing restorations and dentition, charting periodontal pockets and furca, mobilities, gingival recession and attachments, and denoting any obvious occlusal discrepancies), oral hygiene instruction implementation and health behavior modification, scaling and root planing procedures (non-surgical periodontal therapy), post-surgical suture removal and tissue healing evaluations, exposing and developing radiographs/use of digital radiography, and comprehensive periodontal maintenance prophylaxes. I have also completed the necessary educational requirements and am board certified to administer oral local anesthesia.

Research Interests

My research interests have focused on health care access and improving oral health literacy, specifically concerning the oral/systemic link. My expertise is in maximizing patient centered care via tailored provider-patient communication. This includes tailored provider-patient communication as a practice management strategies for affecting treatment plan acceptance and compliance. I also promote collaboration and improved interdisciplinary working relationships between dental and medical professionals concerning health prevention education.

In addition to oral health, I have focused on service learning as an academic activity as a means of developing students' practical skills, increased sensitivity to moral issues, improved critical thinking, and increased motivation (both academically and professionally), increased social responsibility, and increased corporate citizenship. Most recently, I have been researching Health Education as it relates to the opioid crisis.

Community Involvement

Canton First Christian Church

I have been an active member of this Christian congregation since 2002. I am a member of the church orchestra (violin) and participate in many of the music and worship programs. I have also been active with "Women in Ministry" and "Young Adult Ministry" serving as a mentor.

Project Homeless Connect of Stark County

Volunteer. This organization strengthens and utilizes existing collaborations, volunteers, city organizations, agencies as well as technology to create a comprehensive linkage of services for those who are at risk of becoming homeless, are currently homeless or have recently transitioned into housing after being homeless and needs assistance.
