My family and I would very much like to use solar energy to power our home. We have worked with a solar panel company to determine the costs and benefits. Regrettably, HOA restrictions banning solar panels in our neighborhood (Nelson Farms) have prevented us from moving forward.

All homeowners should have the right to use solar, if they wish.

Our children are ten and seven. We view solar energy usage as a way to protect their future and be good environmental stewards.

We ask that you please support SB61.

Thank you for your time.
