

Testimony on House Bill 99  
Senate Veterans and Public Safety Committee

Submitted by:  
Jaime Lyden

Chair Hoagland, Vice Chair Johnson, Ranking Member Thomas, Senator Lang, and members of the committee, thank you for allowing me to present this testimony in opposition to HB 99.

I am very concerned about HB 99 and am in strong opposition. I understand that the goal of HB99 is to keep Ohio's children safer, but in fact, it will do the opposite. Firearms are now the leading cause of death for America's children and teens. Simply having access to a gun increases the risk of suicide by three times and homicide by two times. The less children are exposed to guns, the safer they will be. If we really want to keep students safe, we must listen to the research: pass criminal background checks on all gun sales, pass red flag laws and safe storage laws, add physical security upgrades, develop emergency planning among staff, and provide access to school mental health professionals.<sup>1</sup>

Keeping Ohio school children safe most definitely does not include radically reducing the current training requirement for armed teachers. The Ohio Supreme Court ruled that an armed teacher must have at least 20 years experience as an active duty peace officer or have completed Ohio Peace Officer Training. HB 99 would gut that training requirement down to only 22 hours. If HB99 passes we can most certainly expect more accidental shootings to occur, more guns winding up in precarious locations, and, should a real school shooter enter the vicinity, this piece of legislation is going to contribute to the loss of life of the children you are hoping to protect. For the safety of all of Ohio's school children, please reject HB 99 and focus instead on legislation that would prevent school shootings before they occur.

Respectfully,

Jaime Lyden
